

Rest API ToDo Application -

Enter your todo and submit it -

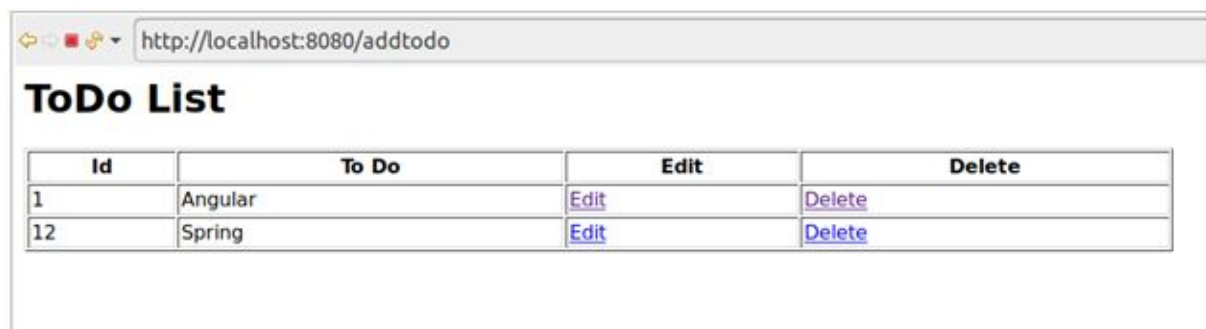

A screenshot of a web browser window. The address bar shows 'http://localhost:8080/'. The page title is 'Welcome, Enter The ToDo Details'. Below the title, there is a form with two input fields: 'Id' with the value '1' and 'To Do' with the value 'Angular'. Below these fields is a 'Submit' button. At the bottom of the form, there is a blue link labeled 'View To Do'.

ToDo List

Id	To Do	Edit	Delete
1	Angular	Edit	Delete

You can also view your todos by clicking on the view ToDo -

A screenshot of a web browser window. The address bar shows 'http://localhost:8080/addtodo'. The page title is 'ToDo List'. Below the title, there is a table with two rows of todo items. Each row has columns for 'Id', 'To Do', 'Edit', and 'Delete'.

Id	To Do	Edit	Delete
1	Angular	Edit	Delete
12	Spring	Edit	Delete

Click on the edit button to make the changes in the todo items. Like here we clicked todo id= 12 -

Edit To Do

To Do :

Edit Save

ToDo List

Id	To Do	Edit	Delete
1	Angular	Edit	Delete
12	Spring and react	Edit	Delete

For deleting the todo, simply click on delete-

ToDo List

Id	To Do	Edit	Delete
1	Angular	Edit	Delete
